**Reminder** - Our next sale will  
be at the end of August. Please  
keep us in mind for your  
donations.  
We are unable to accept  
furniture, computers, TVs and  
exercise equipment.

Dear Parishioners,

This weekend, as I previously  
mentioned in last weekend's  
announcements, the roof at St Patrick's is  
coming along great. If you have not had a  
chance to take a look at it, it looks great. I  
would like to take an opportunity to thank  
Craig Trainor from Prestige Construction and  
his crew who have been working diligently to  
replace the old roof which was in much need  
of repair. We also replaced the roof at the  
Thrift Store which was in disrepair. We had a  
number of active leaks around the chimney  
and a few other places which suffered some  
water damage over the years. There was  
significant damage to a lot of the plywood on  
that roof which was replaced to insure that  
there will be no further water damage. As  
you all know, most of our buildings are more  
than 100 years old which means that there  
are significant maintenance issues that will  
begin to arise over the next few years.

So far, over the last year we have made  
some updates to St Patrick's cemetery by  
putting a maintenance shed on the property  
which makes things much more efficient than  
having to trailer things over there each time  
we have a burial. We have made a few  
updates to the rectory roof and upstairs  
bathroom. We have also updated the Bell  
System at St Joseph's, thanks to your  
support between the overage of the Hope  
Appeal, and other donations towards the bell  
system. These are just some of the things  
that we can do when we, as a Parish come  
together to make some much needed  
updates to our buildings.

One of the other projects which a  
number of people have brought to my  
attention is the Parish Hall at St Joseph's.  
Gill Hall used to be a house which was  
converted and expanded to a Parish hall.  
Over the years, significant updates have  
been made to the heating system at that  
building. Though we have updated the  
heating system in that building to a natural  
gas furnace, the loss of heat through the  
windows is a challenge due to their age.  
New windows would greatly increase the  
efficiency of the heating system in that  
building and allow for less fuel consumption  
and lower heating costs. I am currently in the  
process of getting quotes for updating  
windows and seeing what we can do to  
update the kitchen so that we can begin to  
have events and functions in there again.

As always, I like to keep people  
informed of where we stand with projects  
and updates to our campus. As many of you  
know, I like to be up front about anything that  
is needed, not only to make our buildings  
more efficient, but I also would like to have a  
place where we can gather as a Parish for  
catechesis, community building, and Parish  
events. We as a Parish, can do things  
together that would be most difficult on our  
own. Let's take this opportunity to continue  
to come together and make the Parish of  
Christ our Hope the best that it can be.

God Bless,  
**Fr. Matt Rawson**
